March 24, 2020

Dear ECS Community,

I hope this email finds you and your families healthy and well. This past week marked the start of a new chapter for all of us. In just a week, our educators made a complete transfer to distance learning platforms. Our students are doing their best to stay on top of their assignments at home, while taking care of younger siblings and struggling with feelings of isolation and loneliness. And our parents are struggling to support their children in their studies while balancing work and home responsibilities.

I truly wish that we could tell you that we are going to be back to normal sometime soon but it does not look like that will be the case. Per the recommendation received from LACOE, ECS Schools will remain closed through early May and we will provide additional updates well before then on what will come next.

During this time we will continue to do our best to help all students learn and feel connected. Please check our website and health and safety page for the latest updates. We have also listed a number of useful resources here: Resource Bank for Parents and Families. Thank you for your ongoing support and partnership.

Sincerely,

Farnaz Golshani Flechner
